RE: Sonneborn, LLC Statement regarding the Non-GMO status of the following products:

- **White Mineral Oil (CAS # 8042-47-5) INCI name: Mineral Oil**
- **Petrolatum (CAS # 8009-03-8) INCI name: Petrolatum**
- **Microcrystalline Waxes (CAS # 63231-60-7) INCI name: Microcrystalline Wax**

To Whom It May Concern:

The above-mentioned products:

1. are manufactured where genetic modification technology is not applied and genetically modified ingredients are not used throughout the entire manufacturing process.
2. do not contain ingredients as defined in article 6, paragraph 4, in Directive 2000/13/EC, which are genetically modified or derived from genetically modified organisms, nor do they contain ingredients, in which such ingredients have been used.
3. do not have to be labelled as GMO or containing GMO materials according to Regulation (EC) No 1829/2003 and Regulation (EC) No 1830/2003 which authorizes and regulates labeling and traceability of GMO and food derived products.

We are committed to providing GMO-free products. All of the products we supply are manufactured, packaged, and labelled pursuant to the procedures and standards set forth above.

The information provided in this document is correct to the best of our knowledge.

Thank you for your interest in our products.

Sincerely,

Amanda Isaacson
