

Hereby, Quality Manager undersigned certify that:

Compañía Española de Investigación y Fomento Minero SA (Infosa), located in C/Collita 28-30 Pol. Ind. El Molí de la Bastida 08191 Rubí (Barcelona), Spain, With Health Registration 24.00414/T. Certifies that it is a company that is dedicated to produce, extract, treat and packing of Sea Salt and Flower of Salt, and it ensures that it is fit for human consumption, because it meets all the specified requirements in the health Technical regulations on salt.

Infosa's saltworks are located in the Tarragona province, inside the Autonomous Community of Catalunya in Spain.

The saltworks are located in the "Punta de la Banya" in the "Alfaques Peninsula", in the "Ebro river Delta", and they are communicated to mainland by "The Trabucador Beach". The "Salinas de la Trinidad" are the only Sea Salt Saltworks in Catalunya.

Sea salt is of mineral origin.

This certification is valid for 2023
