Care Chemicals

The product above is manufactured from raw materials as following:

- Plant-based
- Synthetic
- Animal-based
- Alcohol (Ethanol)
- Biotechnological
- BMB: The part of synthetic raw materials is 100% substituted by biomass feedstock in a mass balance approach.

Alcohol (ethanol) was not intentionally added to this product.

The production is not a biotechnological process.

Materials of bovine or any other animal or plant origin (either whole or part) were not intentionally added to this product.

Considering the production process and the raw materials used, the GMO (Gene modified organism) issue is not relevant.

Considering the production process and the raw materials used, the BSE (Bovine Spongiform Encephalopathy)/TSE (Transmittable agents of animal Spongiform Encephalopathy) risk are not relevant.

Disclaimer:

For the purpose of this statement the term 'synthetic' represents raw materials derived from petrochemical feedstock. Inorganic raw materials are excluded within this statement and not displayed in relevant product documentation. Eventual preservatives and/or substances to be added to the purpose of stabilization as indicated in relevant product documentation are excluded. For the purpose of this statement the definition of 'animal' is referring to the entire animal kingdom. That is all vertebrates and all multicellular invertebrates.
