INEOS Glacial Acetic Acid, Food Grade

This is in response to your recent inquiry concerning INEOS Glacial Acetic Acid, Food Grade.

The US Food and Drug Administration has regulations for acetic acid in 21 CFR 184.1005. Acetic Acid is Affirmed GRAS (Generally Recognized as Safe) and may be used subject to restrictions listed on the regulations. Internally we have judged INEOS Acetic Acid, Food Grade to be produced and handled in accordance with current Good Manufacturing Practices (cGMP) and meets all the acetic acid specifications as set forth in Food Chemical Codex (FCC), current edition.

INEOS Acetyls Texas City is certified under ISO 9001-2015 and follows current Good Manufacturing Practices (cGMP). We do not have Global Food Safety Initiative (GFSI) Certification.

I trust that this information addresses your concerns. If you have any questions, please feel free to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Zach Drerup".
