

Calcium Chloride Products

## **Allergen Summary**

### **Food Grade Anhydrous 94-97% Calcium Chloride Pellets BRINERS CHOICE™ Anhydrous Calcium Chloride Pellets LIQUIDOW™ Food Grade Calcium Chloride Solution**

OxyChem is pleased to advise that the above products manufactured at its Ludington, MI facility do not incorporate any of the allergenic materials or ingredients listed below.

Animal Gelatin	Peanuts	Eggs
Animal Products	Almonds	Fish
Fish Gelatin	Brazil Nuts	Crustaceans
Autolyzed Yeast	Cashews	Shellfish
MSG	Filberts	Soy/Soya Products
Nuts and Nut Oils	Macadamia Nuts	Wheat (Buck)
Safflower	Pecans	Sulfites
Tree Nuts Oil	Pinenuts	Mustard
Tocopherols	Pistachios	Milk Products
BHT	Walnuts	Gluten
BHA	Sesame Seeds or oil	Sunflower Oil
Lactose	Rye	Corn (Maize)
Cocoa	Legumes	Glutamate
Coriander	Celery	Carrot
Lupines	Rice	

Furthermore, there is no potential for contamination due to the fact that these materials are not used as a raw material or ingredient in any OxyChem manufacturing process. With the exception of sulfites, these materials are not stored or processed at its production facility. A sulfite-containing material is used as an anti-foulant in a waste condensate stream. Engineering controls are in place to prevent cross-contamination between this utility chemical and the calcium chloride product stream.
