To Our Customers:

Re: Country of Origin

Specialty Minerals Inc.'s Ground Calcium Carbonate (GCC) and Precipitated Calcium Carbonate (PCC) are manufactured and packaged from natural minerals mined from our Limestone quarry at the Adams facility located at 260 Columbia Street, Adams, Massachusetts, 01220, United States of America.

The Country of Origin for these products is the United States of America.

Our corporate offices are located in New York City, New York, USA.

If you have any additional questions, please feel free to contact me at 413-662-9968.

Sincerely,

*Parvin Golbayani*
