Gluten Free - Celiac Sprue Statement

Although corn contains an insoluble protein classified as “gluten,” it does not contain the gliadin protein responsible for celiac sprue disease. Corn sweeteners and starches made from the wet milling of corn may be safely consumed by persons with this condition. On the other hand, a small percentage of the population may be allergic to corn.

If you have any questions, please do not hesitate to contact us.

ADM Technical Services

MI-105-130211 LB

For customers around the world, ADM draws on its resources—its people, products, and market perspective—to help them meet today’s consumer demands and envision tomorrow’s needs.
