

Onset  
Worldwide

Updated February 25, 2025

## Food Grade Contact Statement

This statement is to provide notification to your company that Onset Worldwide's processing equipment and materials are food grade. Standard operating procedures are in place to ensure all current and new equipment's food contact surfaces are food grade, as well as all lubricants, sanitizers, oils, and processing aids used in food production areas are food grade.

Thank you,

Sara Morrison, VP  
Onset Worldwide
