

## TO WHOM IT MAY CONCERN

We hereby certify that GALACTIC is producing a fully natural L(+) lactic acid by bacterial fermentation at its plant located in Escanaffles (Belgium). This product and its derivatives are sold under the brand name GALACID for Lactic Acid, GALAFLOW for Sodium & Potassium Lactate, GALAXIUM for Calcium Lactate, GALIMAX for blends of organic acids, GALAFEED for Lactic Acid Feed Grade, GALASTER for Ethyl Lactate & GALANIUM for other salts of Lactic Acid.

Our bacterial strain is natural, isolated in the nature, non pathogen and not genetically manipulated. The bacterium is not mutant and not manipulated neither actively (electroporation, ...) nor through any technique (irradiation, controlled mutagenesis).

The raw materials used by GALACTIC are not derived from genetically modified plants.

Our complete product range does not contain any genetically modified organisms and no genetically modified organisms are used in its manufacturing process. Therefore, we certify that regulations (EC) 1829/2003 and 1830/2003 are not applicable for our products.

Their use as a food ingredient is not dangerous at the recommended usage dose which may vary according to the ingredient used and the finished product.

We remain available for any additional information you may need.

Established in Brussels, January 12th, 2015.
