RE: BOVINE SPONGIFORM ENCEPHALOPATHY (BSE)

We have recently received a number of requests from customers who are concerned about BSE. Based upon those requests we offer the following information:

None of the products that we manufacture contain bovine (cow), caprine (goat) or ovine (sheep) derived raw materials or products.

None of our products are processed or treated with bovine / ovine / caprine derived materials.

If you have any further questions, please feel free to contact me directly @ 800 / 233-7799.
