

DATE: November 2, 2010

TO: Customers of Emerald Kalama Chemical, LLC

RE: GENETICALLY MODIFIED ORGANISMS (GMO)

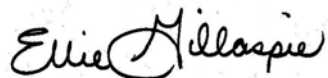

Based upon our customers' requests, we offer the following information:

None of the products that we manufacture contain genetically modified organisms.

None of our raw materials were manufactured from or processed with or by means of genetically modified organisms.

None of our products are processed with or treated with or by means of genetically modified organisms.

In other words, genetically modified organisms play no part whatsoever in the manufacturing of our products.
