 Plant ID/Year/Julian Date/Sequential Number

Lot Codes for Non-Batch Managed Products, Including Non-Food Grade Products Such as Safe-T-Salt, Water Conditioning, and Pool Salt Products

Manufacturing lot codes for non-batch managed products consist of an 8-digit sequential number representing a specific production run of a product.

Example: **50032044**

2/27/2017

This statement is valid for two (2) years from the date set forth above.

January 4, 2016

To Whom It May Concern:

Re: **Quality Program**

This letter confirms that Morton Salt, Inc. has developed and implemented a Quality Program for its food grade products. Morton Quality delivers high quality products by excelling at continuous improvement and ensuring safe and legally-complaint products that meet or exceed customer expectations. Because of the proprietary nature of our processes, copies are not available for dissemination. Our program in place includes but is not limited to:

- Allergen Control Program
- Certificate of Analysis and Compliance
- Cleaning
- Control of Foreign Material
- Finished Product/In-Process Control
- Glass and Brittle Plastics
- Good Manufacturing Practices (GMP)
- Hazard Analysis Critical Control Point (HACCP)
- Internal Audits
- Nonconformance (NCR) Procedures
- Personal Hygiene
- Pest Control
- Preventative Maintenance
- Recall Program
- Record and Document Management
- Supplier Approval Program
- Traceability
- Training

Morton Salt's Quality Program may be reviewed during a plant visit with prior notice.

Sincerely,

Eric D. Shirk
Director of Quality
