To Whom It May Concern:

Please be advised that Innophos' Inorganic phosphate products do not contain animal derived materials in either their raw materials, processing aids or in the process used in their manufacture. In addition, these products do not come in direct contact with animal products during storage or transportation. Additionally, these products are not derived from specified risk materials as defined in European Commission Decision EMEA/410/01 rev 3.

Therefore our Inorganic phosphate products cannot be a source of Bovine Spongiform Encephalitis or Transmissible Spongiform Encephalitis.

Don't hesitate to contact me at 609 366-1282 should you need further assistance regarding this matter.

Sincerely,
