

RAW MATERIAL SOURCE STATEMENT

The Innophos, Inc. products listed below are inorganic mineral salt.

- BP Pyro[®] (Sodium Acid Pyrophosphate)

They are made from raw materials that are either minerals or mineral derived. In the context of voluntary U.S.-origin claims (e.g., “Made in USA”), the above-referenced product may be described as “produced in the United States with raw materials sourced in the United States, Mexico, Canada or Morocco (in the case of the phosphoric acid component) and the United States for all other raw materials.”

Please contact Innophos, Inc. if you have any questions or need further information regarding this matter.
