Allergen Control Statement — Sodium Nitrite

This statement serves as certification that we have an allergen control program in place to prevent the introduction of allergens into our process and product. Currently, all raw materials and packaging are verified based on COA for the presence of any allergens. We do not perform open food processing in our facility and our product is produced through chemical synthesis. The finished product does not contain, nor is it manufactured with, any known allergens such as milk or milk derived products, eggs or egg products, soybeans or soybean products, fish or fish products, crustaceans (including crab, crayfish, lobster, and shrimp), peanuts or peanut products, tree nuts or tree nut products (including almond, beech nut, brazil nut, butternut, cashew, chestnut, chinquapin, coconut, filbet/hazelnut, ginkgo nut, hickory nut, lychee nut, macadamia nut/bush nut, pecan, pine nut/pinon nut, pili nut, pistachio, shea nut, and walnut), wheat or cereals containing gluten, celery or celery products, mustard or mustard products, sesame or sesame products, sulfur dioxide, sulfur, or sulfites, lupin or lupin products, mollusks or mollusk products.

This certification is valid for shipments or deliveries through 12/31/2023 unless earlier revoked by notice.

Sincerely,

Shane McCarty
