## Genetically Modified Organism (GMO) and Bioengineered Material Statement

To whom it may concern,

We, Qingdao Gather Great Ocean Algae Industry Group Co., Ltd. hereby certify that our sodium alginate does not contain and is not produced from any genetically modified or bioengineered material, whether active or not. Sodium alginate is a 100% pure seaweed derivative and genetically modified organisms or bioengineered material are not used as a processing aids or additives.

In the event that GMO or BE will have to be introduced into our processing systems and products in the future, we will be issuing a declaration notifying our buyers of such action. In the meantime, should you feel that an audit of our facilities is required, please advise so we can help to arrange your visit.
