

Subject: Halal Statement

January, 2017

To: All Domino Foods, Inc. Valued Customers:

This letter is written in response to customer inquiries regarding the Halal certified status of additives or ingredients used in the manufacture of refined sugar, raw cane sugar, organic sugar and rice products distributed by Domino Foods, Inc.

This will certify that our refined sugar, raw cane sugar, organic sugar, rice products, barley malt extract (dry and liquid), invert sugar, tapioca syrup, fondants, sugarcane molasses (dry and liquid), honey (dry and liquid), refiners syrup, flavor & texture modifiers and co-crystallized products do not contain ethyl alcohol, natural L-Cysteine extracted from human hair or feathers, animal fats and/or extracts, bloods of any origin, blood plasma, pork and/or other meat by-products. While a very limited quantity of isopropyl alcohol (2-propanol), or ethanol for organic sugars, is used as a seed carrier during our batch crystallization operation at most locations, none remains detectable in any of the final products we manufacture.

The equipment used for the manufacturing, filling and packing of these products is not used in the manufacturing, filling and packing of products of animal origin or products containing ingredients of animal origin.

We trust this information is sufficient. Should you require additional information, please contact our Sales organization or your Customer Service Representative.
