

Subject: California Proposition 65 Statement for Refined Cane Sugar Products

January, 2017

To: All Domino Foods, Inc. Valued Customers:

This statement is written in response to requests from our customers regarding California's Safe Drinking Water and Toxic Enforcement Act of 1986 (also known as "Proposition 65" or "Prop 65") relating to the potential for the introduction of listed chemicals during the manufacture of Domino Foods, Inc.'s refined cane sugar products.

Our refined cane sugar (that is, granulated sugar, liquid sugar, and "table" sugar) does not require a warning under Prop 65. Certain products manufactured and/or packaged by and/or for Domino Foods, Inc., are only approved: (a) for use in certain states and countries; b) for certain end uses; and/or c) at certain usage levels. The customer is responsible for determining that the products comply with all applicable laws and regulations for the particular state(s) and country(ies) in which they intend to use, sell, market, and/or distribute products. This includes laws and regulations related to: a) product use and usage levels; b) customer's products and their uses; and c) any claims made about customer's products. If our products are used, blended, or mixed with other ingredients or products, the end product must be evaluated by the customer with respect to the specific application or mixture being used.

(This statement applies only to the products identified above).

We trust this information is sufficient. Should you require additional information, please feel free to contact your Domino Foods, Inc. sales representative.
