## Information on Product Origin

**Product name:** T-Maz<sup>®</sup> 80K  
**PRD:** 30085293

Dear Valued Customer,

T-Maz<sup>®</sup> 80K is manufactured from corn derived sorbitol and other vegetable and synthetic raw materials.

We are unable to certify that the corn derived sorbitol in the subject product is manufactured from non-GMO corn as the current US growing techniques and grain handling systems routinely commingle various varieties of GMO and non-GMO corn.

Alcohol (ethanol) was not intentionally added to this product.

The production is not a biotechnological process.

Legislation concerning BSE/TSE applies only to material of animal origin. As the product in question is not based on animal raw materials further certification on our behalf is neither mandatory nor necessary.

**Disclaimer:** *This information is believed to be accurate and refers to the laws, regulations and products at the date of issue. However, BASF makes no express or implied representations or warranties with respect to the information contained herein. It is the responsibility of our customers to determine that their use of BASF products is safe, lawful, and technically suitable for their applications. Because of possible changes in the laws and regulations, we cannot guarantee that the status of this product will remain unchanged.*
