### **ALLERGEN STATEMENT**

ICL Performance Products LP manufactures food grade phosphates, phosphoric acid, and sulfates, which are high purity inorganic products manufactured from refined mineral raw materials. Unless otherwise indicated on the product specification sheets, our products do not contain any of the following allergenic substances, as specified in the U.S. Food Allergen Labeling and Consumer Protection Act of 2004 (FALCPA):

- Milk (and Milk Products)
- Eggs
- Fish
- Crustacean Shellfish
- Tree Nuts
- Wheat (or other Cereal Grains)
- Peanuts
- Soybeans (and Soy Products)

In addition, our food grade products do not contain any of the following allergens of concern in certain other world regions or countries:

- Gluten
- Sesame seeds
- Mustard (or mustard seeds)
- Celery
- Sulfites
- Molluscan shellfish
- Lupin

Because there is no potential for contamination of these allergens into our food grade phosphates, phosphoric acid, or sulfates, due to the nature of our chemical processes, we can guarantee the absence of the above listed allergenic substances.
