GLUTEN FREE STATEMENT
FOR PHOSPHATES, PHOSPHORIC ACID, AND SULFATES

ICL Food Specialties (a division of ICL Performance Products LP) and ICL Fosfatos y Aditivos México S.A. de C.V. manufacture high quality food grade phosphates, phosphoric acid, and sulfates. These are high purity inorganic products manufactured from refined mineral raw materials, which do not contain gluten. (Gluten is a protein material naturally found in wheat and certain other cereal grains.) Therefore, the absence of gluten and gluten by-products can be guaranteed in these products.
